## ROSE NAMED TO WATER BOARD

Mayor Walter P. Crane this morning appointed A. D. Rose, the Franklin street grocer, a member of the board of water commissioners to succeed himself.

## TO START NEW MANUFACTORY HERE

Aero Rubber Products Corporation Will Make Hard Rubber Goods in Lawton Building, Employing 75 Men—Hopes to Build Big Plant.

The Aero Rubber Products Corporation has leased the lower floor of the Lawton building on Prince street, and as soon as machinery can be moved here and installed, which will require about thirty days, it will open its factory for the manufacture of hard rubber goods.

The Aero Company is a new organization recently incorporated under the laws of the state of New York and has been formed by men who have extensive experience in the rubber manufacturing business at Akron, Ohio, which is the manufacturing center of the rubber industry in the United States, and also at Cleveland, Ohio, which has still further diversified its industries by the addition of rubber.

Directors of the new corporation are T. P. Reese, Mrs. Marion Todd and J. McCabe, all of Yonkers. I. P. Davies is president and J. Todd is secretary of the new company.

During the past week Messrs. Davies and Todd have been spending their time in Kingston in company with officials of the Kingston Chamber of Commerce, who extended them every courtesy in existing available factory property. On account of the size and weight of machinery needed in the rubber manufacturing industry, factory space must be principally on the ground floor and the Lawton building on Prince street was the only building in town available which met that requirement. Both Mr. Davies and Mr. Todd were in town today and have opened an executive office in the Cordis building at No. 276 Fair street.

After the machinery for manufacturing rubber products is installed, the Aero Company expects to employ 75 men. Later it is hoped to erect a factory building specially designed for the purposes and needs of the company which will have capacity for machinery that will employ from three hundred to five hundred people.

Both Mr. Davies and Mr. Todd have had extensive experience in the rubber manufacturing business in Ohio. Mr. Davies for some time was one of the executives of the Diamond and Goodrich rubber companies at Akron. Later he was one of the directors and executives of the Mason Tire & Rubber Company of Cleveland, and in 1915 he organized the Ideal Tire & Rubber Company of Cleveland, of which he was president and general manager. The company operated a large factory. He also was president of a development and construction company in Cleveland. Mr. Todd's experience was gained with the Goodrich and Mason companies and he also was one of the executives of the Ideal Tire & Rubber Company.

The Ideal company did not confine itself to the manufacture of rubber tires, but like all other rubber companies engaged in the manufacture of hard rubber products, to which it will now devote itself exclusively. These include battery boxes, radio parts, magneto parts, insulated cable, battery plugs, etc. Tire manufacturing could not be carried on in the building which is to be occupied by the company on a large scale, tire making requiring considerable space because of the character of the machinery needed.

Executive and experienced workers in rubber products who are acquainted with the method of manufacture and are familiar with the machinery, used necessarily must be brought to Kingston. But all other employees will be local residents who can easily learn the use of the special machinery and processes.

The new company has a capital of \$150,000. Its principal office will be in Kingston. The situation of Kingston and its natural advantages and unrivaled shipping facilities for reaching the New York market impressed the organizers and executives of the new company favorably and was the determining factor in their selection of Kingston for the new factory. In this respect the concern makes Kingston its home under the same circumstances as other manufacturing industries which have come here in recent years.

## A BOY'S NARROW ESCAPE.

Only Slightly Hurt When Hit By Auto.

Edward Gillen of No. 139 O'Neil street, while riding his bicycle out of Highland avenue into Foxhall avenue Tuesday afternoon was run down by an auto driven by A. Sommers Frosch of New York city. Mr. Frosch stopped his car as quickly as possible and a car driven by Herbert Reinfrank, also of New York, which was following closely behind it rammed into the rear of the Frosch car damaging it slightly. Young Gillen, who is about 10 years old, escaped with bruises, but his bicycle was wrecked. Frosch agreed to make good the damage, and no arrest was made.

## B. P. W. APPEALS LINSON DECISION

Dispute As To Whether Appointee Of Old Or New Board Shall Be Assistant Secretary To Go To Appellate Division.

The Board of Public Works has filed and served notice of appeal to the Appellate Division from the decision of Judge Hasbrouck in granting an order of alternative mandamus against it in favor of John J. Linson.

The order appealed from directed the board to reinstate Mr. Linson as assistant secretary of the board as of March 1, 1922, and to compensate him from that time or to make return to the petition for reinstatement and directing a trial of the issues if the allegations of fact were denied.

It is the claim of Mr. Linson that at the annual meeting of the board at January 2, he was appointed assistant secretary for one year. In February the board appointed Simon Winchell to the position to take effect March 1. Three of the members of the board being Samuel M. Watts, David Burgevin and Alva S. Staples had resigned between the time of the annual meeting and the February meeting when Mr. Winchell was appointed. Three new members were appointed in their place, being William H. Van Etten, Frank R. Matthews and John Hiltbrant. The new board had an executive meeting and made the change which is now the subject of the litigation.

## PAY \$56 TO SEE WILLIAMS CLIMB

Jack Williams, "the human fly," now on his farewell tour in climbing buildings, scaled the Fair street side of the Hotel Stuyvesant Monday evening at 7 o'clock, making the climb with what appeared to the crowd of several hundred people who watched him with apparent ease. He made use of awnings, window frames and sashes and needed no assistance except in going over the cornice, which projects considerably beyond the walls of the hotel. After reaching the cornice, he stood on his head there, and then climbed the facade at the corner of the hotel until he touched the top, and later in the evening gave a fifteen minute talk at the Keener Theater on experiences he has had in scaling the sides of buildings.

A collection was taken up from the crowd before he began his climb at the Stuyvesant, twenty-five percent of which went to Kingston Post, No. 150, American Legion, for the benefit of the fund to establish the Veteran Mountain Camp in the Adirondacks. The total collection amounted to \$56.

## ARREST INDIAN WANTED IN ERIE

Ralph Heiman, Member of a Carnival Company, Picked Up by Sergeant Hanley—Claimed He Stole \$440 From Fellow Employee—Held to Await Extradition.

Ralph Heiman, who says that he is an Indian, was arrested this morning by Sergeant Hanley on a warrant issued in Erie, Pa., and is being held in the county jail to await the arrival of extradition papers.

Daniel Dremais was at police headquarters today to identify Ralph as the man who stole \$440 and a suit of clothes belonging to him while at Erie on Sunday.

Both are members of a carnival company. According to Daniel he had left his roll in the inside pocket of his coat which hung on a nail. He claimed that Ralph helped himself to the roll and also to a new suit of clothes and skipped.

Word of the theft was telegraphed to Kingston and the Erie authorities asked the local police to keep watch for Ralph's trunk which he had forwarded here.

By keeping tabs on the local express office Sergeant Hanley was able to catch Ralph as he appeared there to claim the trunk in which was the suit of clothes. When searched at police headquarters all that Ralph had left of the roll he was accused of taking was \$265. He also had a gold watch.

## KINGSTON POINT SENDS RIOT CALL

"Hurry the police to Kingston Point Park immediately," implored a voice over the telephone to police headquarters this noon, and in response to the request Officers Burgevin, Shoemaker and Entroll were sent.

When they got there they found about fourteen bell hops and former waiters from the Grand Hotel at Highmount, who had been laid off, had come to Kingston. They were on the way to New York via the Day Line and as the steamer had not arrived they were spending the time in shooting craps.

One of the bell hops to make the game more interesting slipped in a pair of "phony" dice and when they were discovered trouble was tapped. The fight that broke out among the crowd was what caused the riot call.

When the police arrived they captured three of the combatants who were bathing the blood from their wounds. The others look to their heels and escaped.

The three rounded up gave their names as John Seigel, Frank Stein and James Gaidain. When arrested before Judge Schirick each contributed \$10 to help pay the expenses of the city. They left later for New York.

## TROOPERS CURBED MOTOR SPEEDERS

That there were so few accidents during the congestion of automobiles on Tuesday was in a large degree due to the regulation of traffic at dangerous points by state troopers.

The troopers had a busy day keeping traffic moving and protecting traffic from the careless drivers who were out on the roads. A state trooper was stationed at the dangerous curve on the Stony Hollow hill and had a good effect in keeping down excessive speed. Another was stationed at the junction of the Ashokan boulevards just beyond Stony Hollow and a third was on duty at the junction of the boulevard and the road over the dividing dam at Shokan. Traffic was exceptionally heavy all day Tuesday with people returning to New York and between twelve and one o'clock over two hundred south-bound cars were counted passing over the road on the north shore of the reservoir.

## NEW FERRYBOAT LAUNCHED.

The Poughkeepsie To Start On Highland Run July 1.

The Poughkeepsie, a new ferryboat for the Poughkeepsie-Highland run, was launched Monday from the ways of the Mill Basin Shipyard of the Atlantic Gulf & Pacific Company, at Jamaica Bay. She will be commissioned July 4.

The Poughkeepsie is Diesel electric drive, said to be the first ferryboat of this type on the Atlantic coast. There are four teamways. The boat is 150 feet long, 52 beam and 14 draft. The hull has a deep, containing the driving shaft, so that the propellers will turn at a considerable distance below the water, adding, it is said, stability and easy maneuvering powers.

## Annual Memorial Mass.

The annual Memorial Mass held at St. Mary's Cemetery Tuesday was very largely attended. The Rev. John J. Hickey conducted the services, the young men's choral choir taking part. Following the Mass the children of the school decorated the graves.

## Buys On Lafayette Avenue.

Mrs. John F. Herbert, Jr., has purchased through Frank Duffon, real estate broker, 609 Wall street the residence property of Edward E. Fossenden at 39 Lafayette avenue.

## CARRIED THEIR BOOZE WITH 'EM

Wilbur Avenue Youths Wanted To Be Sure Supply Would Last The Day Out—When Arrested Smashed The Bottles—Two Other Decoration Day Drunks—Other Cases.

Arthur Organtine of No. 26 Wilbur avenue and Herbert Harbeck of No. 506 Wilbur avenue decided that the best way to enjoy Decoration Day would be to carry a supply of booze with them on their trip about the city, and so they loaded all of their pockets with home brew and wine.

After sampling the load they carried with 'em, they started to kick up a fuss on one of the city trolley cars. They were ejected from the car when they refused to pay their fare, and promptly boarded another car, and were again ejected at Strand and Ferry street.

Officer Peter Camp who happened along when the argument between the Wilbur avenue youths and the conductor was in full swing decided the best place for Arthur and Herbert was in jail until they had cooled off.

As Officer Camp placed them under arrest they reached into their pockets and began to throw bottles of home brew to the brick pavement. They had smashed a quart bottle of wine and three bottles of home brew before they were stopped but the remaining bottle was seized by Officer Camp and is now safe in police headquarters.

This morning in police court Judge Schirick on their plea of guilty imposed a fine of \$10 each, which they paid.

## No Ploughing On Holiday.

Memorial Day afternoon while Homer Davis of Murphy's Lane, near the Washington avenue viaduct, was busy ploughing up his garden Samuel Masten of No. 43 Lucas avenue, loaded to the guards, appeared on the scene and attempted to put a stop to the ploughing, but was stopped himself by Officer Hess who arrived shortly afterwards.

John McMullen of No. 498 Washington avenue, Masten's chum, and also carrying a wet cargo aboard was also picked up on a charge of public intoxication by Officer Hess.

This morning the two men each contributed \$5 to the city treasury.

## Some Speeders.

Louis Steinhardt of New York city pleaded guilty to speeding Tuesday through the city and paid a fine of \$5.

L. W. Well, Robert Diego and Jacob R. Miller, all of New York city, each forfeited \$10 cash bail by failure to appear in court.

Three of the speeders were arrested by Motorcycle Officer Kuhn and the other by Motorcycle Officer Soper.

## A Taxi Driver Fined.

Martin Haggerty, a taxi driver, arrested for violation of the cab ordinance by Officer Snyder, contributed \$1 to the city's finances, when he pleaded guilty.

## Wiltwyck Inn Not Sold.

As will be seen by a notice published elsewhere in The Freeman, the rumor current on the streets that Wiltwyck Inn has been sold is denied by Miss Mary Kenney, the owner. It is still owned and conducted by her.

## New License Plates Here.

County Clerk Sax on Monday received an additional consignment of 250 automobile license plates, making a total of 10,150 of all kinds received from the state tax department this year.

## Beantown Choir At Katrine.

This evening the "Beantown Choir," will repeat their entertainment at the Grange Hall, Lake Katrine, the Grange giving their proceeds for the Near East Relief.

## OFFICIALS VISIT CLINTON CHAPTER

O. E. S. Grand and District Officers Appropriately Received—Grand Matron Entertained at Mohonk.

Clinton Chapter rooms on Wall street were crowded to their utmost capacity Monday evening, the occasion being the Greene-Clister district meeting of the Order of the Eastern Star, when Clara Smith Heisenbuttle, most worthy grand matron and her staff of grand officers made their official visit to the district.

The meeting was opened by the officers of Clinton Chapter. Edna D. Brown, worthy matron, acting as grand marshal, received and welcomed the district officers, Alice E. Norwood, district deputy grand matron and Harry A. Tremper, assistant grand lecturer.

Sister Norwood, who then was in charge of the meeting, received the most worthy grand matron and Brother George K. Golden, acting as most worthy grand patron. Hugh P. Hobson, P. A. G. L., and Minnie E. Riskey, P. D. G. M., acting as grand marshal, escorted Francis J. Crooks, grand lecturer, and Emma A. Teller, grand Ruth, acting as grand conductress, and associated grand conductress, who escorted the most worthy grand matron and act to the East, where they were welcomed by Sister Norwood, D. D. G. M.

The M. W. G. M. received all the present and past grand officers, also the present and past worthy matrons and patrons of the district and many visiting officers from other districts.

This being a social meeting, the following program was presented:

Reading, "Knee Deep in June" . . . . . Joseph Block.

Vocal Solo, "The Swallows" . . . . . M. Helen Freer.

Welcome to the District, Mrs. Mary Comstock, P. D. D. G. M.

Drill, "Wishes Five" to the M. W. G. M., Officers of Clinton Chapter.

Vocal Solo, "There is no Death" . . . . . Prof. A. E. Newton.

Reading, "Johnny's Eloquentary Effort" . . . . . Joseph Block.

The M. W. G. M. gave an interesting and inspiring address which was listened to with interest by all.

Other present grand officers, Mildred V. Emerson, asso. G. M.; Annie M. Pond, grand secretary; Georgia Searns, past grand matron and grand treasurer; Francis J. Crooks, grand lecturer, and R. W. Flora Ostrander were called upon and graciously responded, after which Mrs. Helen Stern Mann, rendered a vocal solo, "A May Morning."

Minnie E. Riskey in pleasing and appropriate remarks then presented the M. W. G. M. a beautiful gift from the district.

The program was all the visitors had anticipated but to the members of Clinton Chapter a shadow of gloom overcast their happiness when the absent one, Sister Morris, who had planned the program was missing. Mrs. Morris died recently.

The rooms had been handsomely decorated with mountain laurel and other spring flowers and the district is to be congratulated upon its success. Visitors were present from New York, Brooklyn, Ossining, Sayville, L. I. and from the various chapters of the district.

Tuesday the grand matron and party were guests at Lake Mohonk where they were entertained and greatly enjoyed listening to the memorial services which were conducted at Arlington and which were listened to at Mohonk by means of the Radiophone.

## Captain Tuttle Wins Derby.

Epsom Downs, England, May 31—Lord Woolavington's 3-year-old Captain Tuttle, one of the favorites in the betting, won the classic Derby on the historic Epsom Downs race course today. Tamer ran second and Craig-and-Gower third. There were no American entries.

## MEMORIAL DAY EXERCISES HELD IN CITY CEMETERIES

During Morning Children Decorated the Graves of the Soldier Dead in City Cemeteries—Exercises at City Hall Park—The Rev. Dr. Putnam Cady Delivered the Address.

Under the warm rays of the summer sun Memorial Day was quietly celebrated in Kingston with the morning hours turned over to the decorating of the graves of the soldier dead in the city cemeteries by the school children, and with appropriate exercises at the close at City Hall Park. Short memorial services were also held at Montrose, Wiltwyck and St. Mary's cemeteries.

All morning the cemeteries were thronged with those bringing floral tributes to lay on the graves of loved ones, and it was during these early hours that the true significance of the day was realized.

Since the inauguration of Memorial Day as a national holiday, a day set apart each year to honor the hero dead, the survivors of the Civil War have been responding to the last roll call, until comparatively few remain but the graves of those who died for their country will always be kept green and the day will continue to be celebrated as long as the United States shall exist.

It was an inspiring sight that morning to see the long lines of school children carrying flowers and headed by the few remaining veterans of the Civil War as they marched to the cemeteries to lay the flowers on the graves of the companions who had gone on ahead.

After brief exercises at the cemeteries the lines were returned and school children and veterans marched to City Hall Park where an appropriate program was carried out.

The orator of the day was the Rev. Dr. Putnam Cady, pastor of the First Presbyterian Church on Elmendorf street, who spoke as follows:

Fellow Citizens:

We are here to listen not to the words of man, but to the eloquence of the deeds of the heroic dead. What they did is greater than anything we can say. Let us listen to their voices as they urge us to hold fast that for which they gave themselves.

We did not dream a few years ago as we decorated the graves of the soldiers of the G. A. R. that so soon there would be thousands of fresh graves to visit. We have been so stunned by the great catastrophe that we have not yet come to realize its awfulness.

I have just returned from a visit to the lands beyond the seas where the battles raged. As you know, the destruction of property was unparalleled. But that which most impressed me with the cost of it all, was the sight of the cemeteries in which lie those who fell. Let me give you several pictures in outline. Sailing up the Dardanelles along the coast of Gallipoli toward Constantinople, we saw the shell-torn wrecks of ships. But this did not rivet our attention. All along that dreary coast and far from human habitation we saw thousands of white crosses in great cemeteries here and there, marking the resting place of the British dead. Quickly the mind went back to England or far off Australia from which these boys had come, and we thought of the homes to which they would never return.

The second picture is beyond the old walls of Jerusalem as you go on the way to Damascus. Following this road I suddenly saw as the most striking and startling feature on the landscape hundreds of white crosses. An inscription in great black letters with a white background told us that it is "The Palestine War Cemetery."

I stood by the Arch of Triumph in Paris. For a moment I looked at that historic monument looming up in its grandeur, but my attention was held by a slab in the pavement underneath. Many people were there looking. All stood with bared heads. Men passing near and far away removed their hats. No one, however, busy in hurrying along omitted this sign of respect. The slab was surrounded by piles of flowers. Who lies here? The "Unknown Soldier" who represents the chivalry and sacrifice of France.

I entered Westminster Abbey in London. Crowds were passing down the historic aisles or examining the many chapels. Our feet pressed countless slabs covering the resting places of England's mighty dead. But the largest gathering was around one slab which told us that here rests England's "Unknown Soldier."

On the way down from Trafalgar Square to the Houses of Parliament stands a war monument. Around the four sides of the base are thousands of flowers—some in simple bouquets and others in the form of crosses or anchors. Many fresh ones are added every day. To each a card is attached stating that the remembrance was placed there on the anniversary of the death of the one named who was killed in battle. Many people were always around this monument, some to look, others in black, to weep.

I did not go to the battlefields of France. But those of our party who went, came back with subdued voices and horrified faces and declared they would see fields of white crosses to their dying day.

But we are not to stand looking mournfully into the past. The soldier dead bid us face the future and conserve the things for which they gave themselves. The war has plunged the world down into the depths. It must be lifted up. That is our task, and it will call for the

highest type of devotion and sacrifice. On the fields of peace, we must match their heroism on the fields of war. The one is the complement of the other. They fail unless we fulfill. The call today is for men and women possessing moral stuff in their characters and having spiritual power. The demand is for citizens who will openly and aggressively maintain the highest ideals in spite of all profiteering and rascality that follow in the wake of wars.

I am not trying to tickle your vanity when I state that the world looks to us for real help and leadership. There is a universal belief in our honesty and sincerity. We must therefore give the world the best we can produce. Our policies must be formed by those who inspire confidence and they must be backed up by the whole nation.

I saw the American flag everywhere around the Mediterranean. On three former cruises I saw it only once or twice each time. Always before there was no use for American money. Now everywhere American bills were accepted and sought. A native of the Azores Islands asked me for American dollar bills in exchange. He had been in the war and could speak some English. As I handed out the money he counted it saying—"One buck, two bucks, three bucks."

Let us go our way today not with the feeling that we have honored the dead by tenderly and lovingly placing flowers upon their graves, but rather that we are honored by the privilege of thus acknowledging their sacrifice. And let us stamp our act with sincerity by going on to the full realization of that for which they gave their all. Let us carry this in our hearts, "Lost We Forget."

## GLENS FALLS GETS REVENGE

High School Beaten 5-1 In Game Started At Fair Grounds and Ended At Athletic Field.

Whether or not the high school team destined to save its baseball supremacy for Saturday's game with Poughkeepsie High School, the Glens Falls nine handed down a decisive trimming, receiving in return a minimum of opposition; the game score was 5-1.

The game was played only as a preliminary to the Colonial game, since the management of the Colonials declared that the high school game would have to be played off at the Athletic Field in order that the Colonial game might begin on time. The game had gone to six full innings when stopped.

Alkins pitched for the Glens Falls team and oiled the waters most generously for his team mates with thirteen strike-outs. Caunitz pitched for the locals and summed up with 8 strike-outs.

The Kingston High School nine scored in the first inning, the run being brought in by Stumpf. In the third inning the visitors reciprocated when Suckman tied the tally. In the fourth the first three men clustered three consecutive outs for the locals and Alkins came across with another run. The fifth inning was productive of two more runs for Glens Falls on Bott's and Howard's errors. In the sixth inning neither team did anything. Then Umpire Jordan announced that the game would be played off at the Athletic Field.

Coach MacIntyre secured the services of Roy H. Begg as umpire for the remaining innings and after some delay both teams again took up the game with more or less pep having been lost by the occasional delay.

## SEWING CIRCLE TO GIVE ENTERTAINMENT ON FRIDAY

The sewing circle of Livingston Street Lutheran Church, which for 15 years has been making aprons, turning over the proceeds for some church purpose, and whose product is well and favorably known, will give an entertainment and social on Friday evening, June 2. Small aprons, indicative of the society's work, have been sent to the members of the congregation and friends with the request to insert in the pockets as many pennies as their waist measure may be. The promise is given that no remarks will be made if any apron should reveal an unusual expansion on the part of the person turning it in. No collection will be lifted. The following program has been arranged.

1. Piano Solo, Sonata Op. 2, No. 1—Beethoven  
H. Bruening.  
2. Dialogue, Schooling Future Housewives.  
Mrs. Bertram, matron of school . . . Marie Wolf.  
Aunt Sarah, her sister . . . Carrie Wiedemann.

3. Operetta, Beefsteak March . . . Gustav and Miss Dorothy Koch.  
F. Ehnes, accompanist.  
4. Monologue, "Hey Ruble!" . . . George C. Bode.

5. Song, Victory Crowns the Day . . . White  
Immanuel Mixed Choir, H. Bruening, director.

A social hour will be enjoyed after the program. A cordial invitation is extended to all to attend. Visitors having no aprons may secure them at the door or simply deposit the required amount.

## Great Variety of Bananas.

There are over 60 varieties of the banana, with as great, or greater, variations in character as to the different kinds of apples. Hawaii is said to have something over 60 distinct varieties of the fruit, most of which have been introduced by the whites. Some of these are extremely delicious in flavor, while other kinds are used, if at all, only when cooked in various ways. There is scarcely a city, house lot or country homestead which does not have a clump or two of bananas, which grow with practically no care, new plants or suckers shooting up to replace the ones which have fruited and been removed.

## FIRST GAME EASY FOR COLONIALS

Grogans With Hickey Pitching Got 4 Runs While Home Team Makes 9—Stout Comes To Rescue of O'Mara in Fifth.

Five hits and five runs in the first inning off the delivery of Bill Hickey, former Pittsfield Eastern League pitcher, gave the Colonials enough runs to win the Memorial Day morning tilt with the Grogans of Watervliet. To make victory more certain the Kingston nine picked up four more markers during the rest of the game for a total of 9, while the up-staters made but 4 during the game.

"Frits" O'Mara started on the hill for the Colonials, and for three innings got along without allowing a hit. In the fourth, however, the Watervliet team punched out five hits and sent four runners across the pan. O'Mara was switched to right field at the beginning of the fifth, Freddie Stout taking up the pitching burden. After that the Grogans' chances to score were few and far between.

The South Rondout boy showed some fine pitching in the ninth and pulled himself out of a bad hole with no runs scored against him. Long, Hickey and Maney each singled to start the inning, filling the bases with none down Stout then set Pladell and Tracey down on strikes and forced Walsh to hit to Deegan for the final out.

A savage first inning attack sent the Kingston nine on the winning road. Fitzgerald went out, Maney to Ott, but Coyle started it off with a double to left. O'Mara went to first on four balls. Deegan slammed a single to left and Robins followed with a hit through the box, Coyle and O'Mara coming home. Schwab reached first when Hickey failed to get his grounder and then threw low to Ott, but went out on an attempted steal of second. Glaser sent a hard drive to center that went for three bases and Rice's single brought him across. Rice was left when Moore went out Hickey to Ott.

The Colonials added two more markers in the second. Fitzgerald got his daily hit and purloined second. Coyle stroled to first on four bad ones. When O'Mara drove a single to center Fitzgerald rode home and a walk to Deegan loaded the bases. Robins laid a neat hunt down the first base line and Coyle crossed the rubber.

Five hits in the fourth netted the visitors their only runs. After Pladell fanned to start the inning, Tracey and Walsh singled in succession Ott made the second out when he fanned and was thrown out. Cragan to Coyle, Dugan singled to center, scoring Tracey, and Walsh scored on Delaney's hit to left. Long kept up the bombardment with a two-base drive to right, chasing Dugan and Delaney home. Hickey was passed, but Maney ended the inning by striking out.

Kingston picked up a run in the fifth and another in the seventh, while the up state bunch found themselves unable to solve Stout's underhand shoots.

One kind is the car as new that it has not yet been fully tested out in service.

The other is the Hupmobile kind—in such sharp demand that it need not be advertised.

One reason there is a scarcity of used Hupmobiles, is the excellent, low-cost service they afford their original owners over a period of years. The owner believes, and with reason, that it is the part of wisdom for him to hold on to his Hupmobile.

It will place you under no obligation to phone for a demonstration at once.

## Simplify Housework With a Gas Water Heater

THE need for hot water in the home is so great that a Gas Water Heater is as necessary as a cook stove. Mopping floors, scrubbing, dish-washing, window-washing, cleaning, the laundry, are only a few of the things that demand hot water. One of our Tank Water Heaters will eliminate all the work of heating water in tea kettle or washboiler on the Range. The water flows hot from the faucets a few minutes after you light the heater.

George S. Ward

"Millions for defense, but not one cent for tribute."—an echo of Charles C. Pinckney, an American delegate to the X. Y. Z. Conference that met to solve the problems of the war with Tripoli—has been heard in the Ward murder case in White Plains, N. Y. George S. Ward, pictured above, millionaire head of the Ward Baking Co., and father of Walter S. Ward, who killed Clarence Peters, an alleged blackmailer, released his son from midocean a refusal to pay \$75,000 blackmail, declaring he would, however, spend his entire fortune fighting the black-gang.

**A Spoiled Child.**  
There is not a woman who does not, deep down in the bottom of her heart, look upon man as a species of child to be spoiled or scolded, cosseted or slapped, according to the mood of the moment, and at all times requiring to have his buttons sewn on for him.—From "A Vagrant Time," by Frank T. Holland.

**Seeing and Hearing.**  
The eye is a haven at which the treasure fleets that sail through the ocean of light are unloading, and their stores deposited in the vaults of the intellect; but it is through the whispering gallery of the ear that man reaches the heart of his fellow man most quickly and surely. Light and knowledge are for the eye, love and music for the ear. Hearing often times seems to me a nobler sense than sight, with richer benedictions attendant on it; with tender and holier offices assigned to it. Man's voice, tuned by sympathy, moving to the modulations of intelligence and love, may perform the sweetest and holiest ministry of human life. Do you wonder, then, that with books and with friendly talk I have learned to bear my affliction cheerfully.—William Henry Milburn.

**When Critics Run Amuck.**  
Scholarly books have been dispraised because they were not exciting; fine novels have been sneered at because they were hard to read; cheap stories have been proclaimed great because they were a pretense of seriousness; sentimentality has been welcomed because it was warm hearted; immorality has been condemned for immorality; daring has been mistaken for novelty; painstaking fullness, for careful art; self-revelation, for world knowledge; pretty writings, for literature; violence, for strength; and warped and unhealthy opinions for the wise sincerity, which is the soul of literature.—Henry Seidel Canby, in the North American Review.

**Surely.**  
An apple a day may keep a doctor away, but it depends on where you hit him with it.

## IN STREET SUITS

Coats Differ In Color, and Texture From Skirts.

One Coat and Several Skirts to Be Worn With It Will Afford Pleasing Variety.

Any number of the new suits are showing coats that differ in color and even in texture from the skirts that go with them.

The skirts are plaited or plain, but they are usually of a darker tone than the coat. For instance, there will be a short, loose, boxed jacket of pale gray kasha cloth that will be worn with a skirt of very dark gray cloth of the same variety. Then the little coat, which is made without a lining, will be bound with a silk braid exactly matching the gray of the skirt.

A very nifty little suit had a dark blue broadcloth jacket which was bound with white silk braid for a finish and worn with a skirt of plaited white flannel. Now, there is nothing more effective than the brilliancy of dark blue against white, and any woman who wishes to have an interesting suit for summer time wear will delight in one that is composed of these two colors.

A black jersey cloth is worn with a skirt made of black and white plaid fabric. A tan coat is worn with a striped tan and blue skirt. A dark green broadcloth coat is worn with a shade lighter of green heavy crepe silk.

So, if you are a girl who likes to wear a suit, then this is the way to do it this season. You can get a good deal of variety by having one coat and several skirts to be worn with it, as your mood changes or as the duties of your day merge from one into the other.

## THE SIMPLE AND TRIM SUIT

Gray twill, ornamented with self-colored hand embroidery, and neat tailoring contribute to the trimness and distinction of this suit.

## DRESS HAIR TO SUIT FACE

Careful Study Necessary to Make Milady's Tresses Offset Defects That Are Noticeable.

The way hair is dressed can either make a plain face attractive or it can ruin natural beauty.

If you have a large, protruding nose you will have to balance its size by a fairly large, loose knot at the back of the head.

If you have a small nose you will have to place the knot high on the back of the head.

If you have a large nose and a nicely rounded head you can draw the hair down to the knot on the nape of the neck.

If the line of the back of the head is flat you must build it out by putting a knot of hair back there, no matter what shape the nose may be.

If you have hollow cheeks bring the hair out over the ears and part of the cheeks. This softens and makes the face seem rounder.

If your face is long bring the hair down over the forehead almost to the eyes. If your face is short and round show all of the forehead. If the forehead is broad.

## ORIENTAL NOTE IN FASHIONS

Chinese and Russian Influence Found in Various Garments That Appeal to Women.

The Chinese mandarin—low waist, long, straight bodice, rounded neck line with notch at the center, and held together by narrow straps.

The Russian influence is interpreted chiefly in long, Russian blouse effects with belt at a low waist, and with closing from the side of the shoulder to the lower edge of the garment.

The oriental influence is seen in the heavy rolled and padded girdles placed at the hips, and in the slim, snug, flat bodices and long full skirts.

In all these styles—Chinese, Russian or Oriental—the long, slim silhouette is featured.

## LONG A FAMOUS SANCTUARY

Many Miraculous Cures of Ills Attributed to the Old Shrine of Ste. Anne de Beaupre.

When the celebrated French Canadian church of Ste. Anne de Beaupre, near Quebec, was destroyed by fire a few weeks ago the famous statue of Ste. Anne, various relics of the sainte and the old chapel in which the statue was first kept were miraculously spared.

It is an old and faithfully adhered to legend of the parishioners of the church of Ste. Anne de Beaupre that a party of Breton sailors were overwhelmed by a terrible storm in the St. Lawrence river in the year 1615.

When it seemed that nothing could save them they called upon Ste. Anne, the patroness of their own home province of Brittany in France, and all members of the crew joined in a solemn vow that they would erect a sanctuary on the shore to the memory of their saint if they were saved from shipwreck. Their vessel was tossed about all night, but early the next morning the storm died and they were landed safely. Believing faithfully that their prayers had been answered by Ste. Anne, they immediately set to work constructing a rude wooden chapel which was destined to become world famous through the successive churches that followed it.

In the erection of one of these churches that followed the original shrine structure, a remarkable accident

discovered that the shrine had curative powers. Louis Guinout was his name; he helped in the construction of the church to show his reverence for the patroness saint, although he could scarcely walk because of rheumatism, from which he had suffered since his youth. But he had no sooner placed one stone in the foundation than his rheumatism vanished.

Whether by the amazing faith of those who come to the shrine to be cured of divers afflictions or by some divine quality in the statue and the old chapel or by something that no man can understand, cannot be said, but it is indeed true that most miraculous cures are effected at the shrine of Ste. Anne de Beaupre.

**Battery Locomotives.**  
In times of labor shortage and abnormal demand for fuel mine operators turn to electricity as the only way of increasing their output, at the same time alleviating the labor situation, at times so serious.

The storage battery locomotive for mine haulage offers the very great advantage that it may be used without the dangers of trolleys and the necessity of installing the trolley and educating the miners in the danger. The storage battery locomotive, being self-contained, may be put to work directly it reaches the mine. Moreover, by charging the batteries at night, which is about the only time they may be charged unless battery exchange is in vogue, overloaded streets

are lowered and the load factor increased.

## Making Ice on Lumber Camp Roads.

The sprinkling tank is a familiar sight on the streets in the summer, but how many have ever heard of sprinkling operations carried on in the winter?

However, the winter sprinkling tank, mounted on sleigh runners, is an important adjunct in many logging camps. The cutting of timber is usually a winter job, the logs being hauled to a railroad spur or a stream of sufficient size to float them away when the spring freshets come. Horses do this hauling where tractors are not employed for the purpose. The sprinkling tanks are used to keep a sheet of ice on the rough roadways and enable the horses to draw heavy loads. Over an ice road a team of horses can haul five or six tons of logs on bobbeds.

## Training Scout Leaders.

The Buffalo board of education is holding a class for the training of Girl Scout leaders as part of its night-school work, the teacher being the local director, paid at the regular night-school rates. They have the use of one of the classrooms and one of the smaller gymnasiums and meet weekly. New leaders are trained and any of the captains who feel the need of "brushing up" or learning new methods, of teaching tenderfoot and second class are welcomed. The bed-making and the first aid are taught by

a nurse recommended by the Ken Cross and one evening of each course is spent at the Red Cross house, using their materials and beds for these subjects.—The American Girl.

## Accounted for It.

Jones—Have you seen anything of that plaster of Paris I brought home yesterday?

Mrs. Jones—Was it stuff that looked like flour, in a paper bag?

Jones—Yes, that's it.

Mrs. Jones—And does it get hard when it is wetted?

Jones—Yes.

Mrs. Jones—And sticks to everything like glue?

Jones—Yes.

Mrs. Jones—Oh, Joseph! It is just like you to leave horrid stuff like that lying about. Why, it took me more than half an hour with the hammer and chisel to get the cake out of the baking-tin.

## Uncle Eben.

"I allies kin figger out what hose ought to win," said Uncle Eben. "But when a boss gets on de race track he don't seem to hab no sense of obligation."

## Sir Boyle Outduns.

The advertising manager of the value of window displays, said: "A window display is an arm which reaches out to the eye of the passer-by and says: 'See me! Here I am.'"

## HEL 17 YEARS OF DYSPEPSIA IS NOW ENDED

Grateful Rochester Resident Says  
She Can Never Praise Tanlac  
Enough For The Health It Has  
Brought Her.

"Tanic has rid me of a severe case of nervous indigestion from which I have suffered practically all my life, and I just think it's the greatest medicine in the world," was the remarkable statement made by Miss Mary Ripson, popular young resident of 488 Exchange St., Rochester, N. Y.

"For seventeen years my stomach has been disordered, and was getting worse each year in spite of all I could do. I had frightful headaches and dizzy spells, and at times everything became so blurred before my eyes I felt like I would faint. My nerves kept me awake for hours at night and mornings I just felt awful."

"Tanic is the first thing I ever found to help me, and I don't believe there is anything that can compare with it. I haven't a trace of my old troubles, and am in as splendid health as anyone could ask to be. I have gained eight pounds in weight, too, and I can never praise Tanlac enough."

## MARANO'S BOND IS SURRENDERED

Charles P. Marano, of Marlborough, who was indicted by a grand jury in October 1931, having been arrested by state troopers for violation of the Mullan-Gage law in having in his possession a large quantity of what was said to be grape wine in barrels, which was seized, and who was released on a bond at the time in \$1,000, was taken into custody Monday by Sheriff Jocelyn and locked in jail. Marano's bondman was Nickolas Pasquillo who surrendered his bond.

The barrels of "wine" were stored in the cellar under the county judge's chambers at the court house, and because of the pungent aroma from the "wine" in several of the barrels, which soured, and a similar condition arising from seized home brew beer, the stench becoming unbearable, the home brew and sour "wine" was poured into the sewer some time ago by order of the court.

OUR DAILY PATTERN.

A Popular Style of Dress For The  
The Growing Girl.

Pattern 3582 is here illustrated. It is cut in 4 sizes: 8, 10, 12 and 14 years. A 10 year size will require 4 yards of 36 inch material.

This is a good model for serge, for suitings in plaid or check patterns, pongee, taffeta, percale, chambray, pongee, taffeta, percale and lawn.

A pattern of this illustration mailed to any address on receipt of 12c in coin or stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state the size wanted.

### Catalogue Notice.

Send 15c in coin or stamps for our up-to-date spring and summer 1932 catalogue, containing 550 designs of Ladies', Misses' and Children's Patterns, a concise and comprehensive article on dressmaking, also some points for the needle (illustrating 30 of the various, simple stitches), all valuable hints to the home dressmaker.

### Conklin Arrested.

Bert Conklin of Clintondale who was indicted by the last grand jury on a charge of rape in the second degree was arrested on a bench warrant by Sheriff Koltz Monday, and later released on furnishing a bail bond in \$2,000.

### Knows Not Happiness.

Some persons I know estimate happiness by fine houses, gardens and parlors—others by pictures, horses, money and various things wholly remote from their own species; but when I wish to ascertain the real felicity of any rational man, I always inquire whom he has to love. If I find he has nobody, or does not love those he has, even in the midst of all his profession of finery and grandeur, I pronounce him a being in deep adversity.—Mrs. Inghild.

### Life's Two Currents.

Life is made up of two currents—the events and opportunities moving towards us and the thoughts and impulses that we send out towards others.

## Sure Relief FOR INDIGESTION

Major David A. Reed, of Pittsburgh, Pa. received the Republican nomination for the U. S. Senate in the recent primaries, the nomination being regarded as equivalent to election. He is a war veteran, with a splendid record. His wife was Miss Adele Wilcox, of New York.

### PHOENICIA.

Phoenicia, May 29.—The Knights of Pythias observed Ladies' Night, Monday evening. The lodge room with their family and the invited guests gathered in Odd Fellow's Hall, R. B. Longyear arranged a nice program of entertainment and each number on it was well rendered and brought several cheers. After this all enjoyed a fine supper of good things and ice cream and cake. Chorus were sung in opening. Instrumental and vocal piano solos were given by Carolyn Shroll. Lucile Chase played a piano solo and sang two duets with Master Kingsley Longyear. She recited, "The Pansy," "The First Flag" and a "Swinging Song," was sung and represented by Elizabeth, Donald, May and Christine Siekler. Kingsley and Cornwell Longyear, Carolyn Shroll, Ruth and John Shurter, A. J. Longyear sang, "The Farmer" and responded with a poem. Miss Youmans presided at the piano.

A duet was sung by Mrs. and Mr. Harry Crosby. The Rev. Ahrens played several selections on the organ. Mrs. Ahrens accompanied him on the piano and also played for the quartet, "Come Where The Lilacs Bloom" which was sung by the Rev. Ahrens, R. B. Longyear, Miss Youmans and Mrs. A. J. Longyear. Recitations were given by Mrs. A. P. Loomis and Miss Harriet Loomis and R. B. Longyear gave a cornet solo.

Mrs. P. Lemming and daughter, Katherine, spent a few days with Mrs. Lemming's sister, Mrs. Warren at Poughkeepsie.

Miss Verna Boice spent a few days with her aunt, Mrs. Riskey at Poughkeepsie.

Kingsley Longyear had the misfortune to sprain his ankle while practicing for Field Day.

Harriet Loomis spent Sunday with a party of friends at Pine Hill.

The Club of Twelve held a party at Mrs. Burger's in honor of Mrs. Burger's and Ella D. Mowbray's birthday. A pleasant time was had. It also held a party at Mrs. O. Hill's in honor of her birthday and Lorna Van Demark. The evening was much enjoyed.

The president, Mrs. R. B. Longyear, of the Girls' Basketball team, called a meeting and it was decided to have a social as a close for the season. At a meeting at Minnie Simpson's, held Wednesday evening, all arrangements were completed.

It was decided to go as a company, each taking a friend, and attend the movies at Keeney's. So a jolly company in Winno's bus went to Kingston Friday evening and enjoyed the trip and the social time. Those in the party were Mrs. Mooney, Mrs. Malloy, Mrs. Simmons, Mrs. R. B. Longyear, the Misses Frances and Helen Hill, Harriet Loomis, Helen Gullace, Nancy Merrihew, Helen Verry, Beatrice Wright, Minnie Simpson, Alma and Alice Alshimer, Mrs. Jameson, Nellie Clancy, Helen Bonnet, Messrs. R. B. Longyear, J. E. Hurn, Levan Merrihew, Benjamin Baldwin, George Conway and Mr. and Mrs. D. Ennist.

The M. E. Sunday school will observe Children's Day. Mrs. H. Brethaupt, Nancy Merrihew and Mary Van Steenburgh are a music committee, and Mrs. A. P. Loomis has charge of the reciting.

Mrs. C. Mooney and daughter Ellen have returned after spending a couple of weeks in New York City. Mrs. Trunk of New York is visiting her mother, Mrs. M. Wilson.

Mrs. Emma Simpson is spending some time away.

Many fishermen are still throwing the fly for trout. Some excellent catches are made.

H. Jones will run the T-McGrath ice cream parlor this season.

An out of town vaudeville entertainment will be here next Thursday evening.

## GAS NEAR HEART IS VERY DANGEROUS

Gas around the heart is not only painful and distressing. It often is the warning of conditions, which if not corrected may become dangerous. Many times the gas is caused by derangement of the digestive tract. Food is not digested properly. Gas forms and presses around the heart, interfering with its action. In acute indigestion this often results seriously. One or two Jaques' Little Wonder Capsules give quick relief. They assist in the proper assimilation of food.

On sale at Wm. F. Dedrick, Kingston; Baker Drug Co., Rhinebeck; R. J. Martin, Saugerties; Patterson & Schoonmaker, Ellenville, N. Y., or 60 cents by mail postpaid for large package from Jaques Capsule Co., Plattsburg, N. Y.

# Daddy's Evening Fairy Tale

BY MARY GRAHAM BONNER

MR. AND MRS. GOOSE

"I don't much mind if I'm called Mr. Goose at times, or even all the time," said Mrs. Goose's mate whose real name was Gander.

He was also called Jimmie Gander. He was well supplied with names.

"The main thing is," said Gander, "that we get enough to eat. Or, could you aren't like the geese who don't as much as has been said about us as has been said about them."

"Well, we're not right. We're not like the pigs. But gracious me, we do like to eat."

"It is said that a goose will eat as much as a cow. Yes, that is what has been said and that is the truth too."

"That is splendid I think, for a cow is much bigger than a goose."

"Yes, a cow is very, very much bigger than a goose. One thinks of a cow as an enormous animal, but one doesn't think of a goose as so very enormous."

"That is so," shrieked Mrs. Goose. "What you say is very true."

"I think it is splendid to think of how much we can eat and yet we're not so enormous."

"We will eat all the time and we're not very fussy about our food. We will eat almost anything we can get hold of and will enjoy it."

"We have a regular system about our eating, and a system is very superior. People have a system about eating too when they eat breakfast and dinner and supper."

"But our system is greatly superior for we eat all the time as we've said."

"To be sure people eat between meals, but they're not almost constantly eating as we are."

"They're doing other things. Perhaps it keeps us from having great brains to eat all the time."

"For awhile a creature must eat to be well and to be wise too, still we take up all the time in eating when others would be using some of that time thinking of how they could study and learn or their minds or something foolish like that."

"Probably we're called geese because we think such things as studying and thinking are foolish and a waste of time. Perhaps that is why it is. But who cares? Not a goose at least."

"But our system is so splendid. We eat all the time as we've said several times already, but after we eat we get a drink and wash down our food and then we eat again."

"That's system."

"It most certainly is," said Gander. "We will go in the garden and eat up all the cabbage if we get the chance," he added.

"We've done that," grinned Mrs. Goose.

"We have our own ways of doing things. We hide our nest," she continued, "which I build and then you sit by me while I'm hatching the eggs and you are very sociable and friendly to me."

"Five or fifteen eggs—it makes not such a great deal of difference."

"But what beautiful little geese did hatch out not so long ago."

"You were a proud father, Gander."

"Oh, of course I was," said Gander. "And all ganders are as I was."

"They're all very proud of their young and will fight for them and will look after them."

"They cannot help being proud of the beautiful little geese."

"And they grow up to be big and splendid and rather foolish too like the whole Goose family."

"That's just the way they should do too. Oh, yes, a Father Gander is very proud of his children."

"Well, Mrs. Goose, 'it has been nice to have had a chance to tell some of our ways."

"Sometimes we don't receive much attention—but then it is our own fault for we like to go off by ourselves and pay no attention to others!"

Worth While.

A little boy stood at the garden gate and howled and howled and howled. A passing lady paused beside him.

"What's the matter, little man?" he asked.

"O-o-oh!" he wailed. "Pa and ma don't take me to the movies."

"But don't make such a noise. Do they ever take you when you cry like that?"

"S-sometimes they do and sometimes they don't," wept the lad, "but ain't no trouble to yell!"—American Region Weekly.

## GAS BUGGIES—To whom it may concern

### NOTE.

SCIENCE HAS DEVOTED MUCH TIME TO THE STUDY OF WEATHER AND ITS EFFECT ON THE FLUCTUATING PRICE OF GASOLINE. THE BANKS OF SCIENCE HAVE LONG BEEN DIVIDED ON THIS MOMENTOUS QUESTION.

IN AN EFFORT TO PREVENT AN INJUSTICE BEING DONE WE WILL ENDEAVOR TO PROVE, BY THE ACCOMPANYING CHART, THAT THE RISE AND FALL IN TEMPERATURE IS IN NO WAY PARALLEL TO THAT OF GASOLINE.

TO MAINTAIN THAT GASOLINE IS INCREASED IN PRICE WITH THE ADVENT OF WARM WEATHER FOR MERCENARY REASONS IS A REFLECTION ON THE INTELLIGENCE OF THE HUMAN MIND.

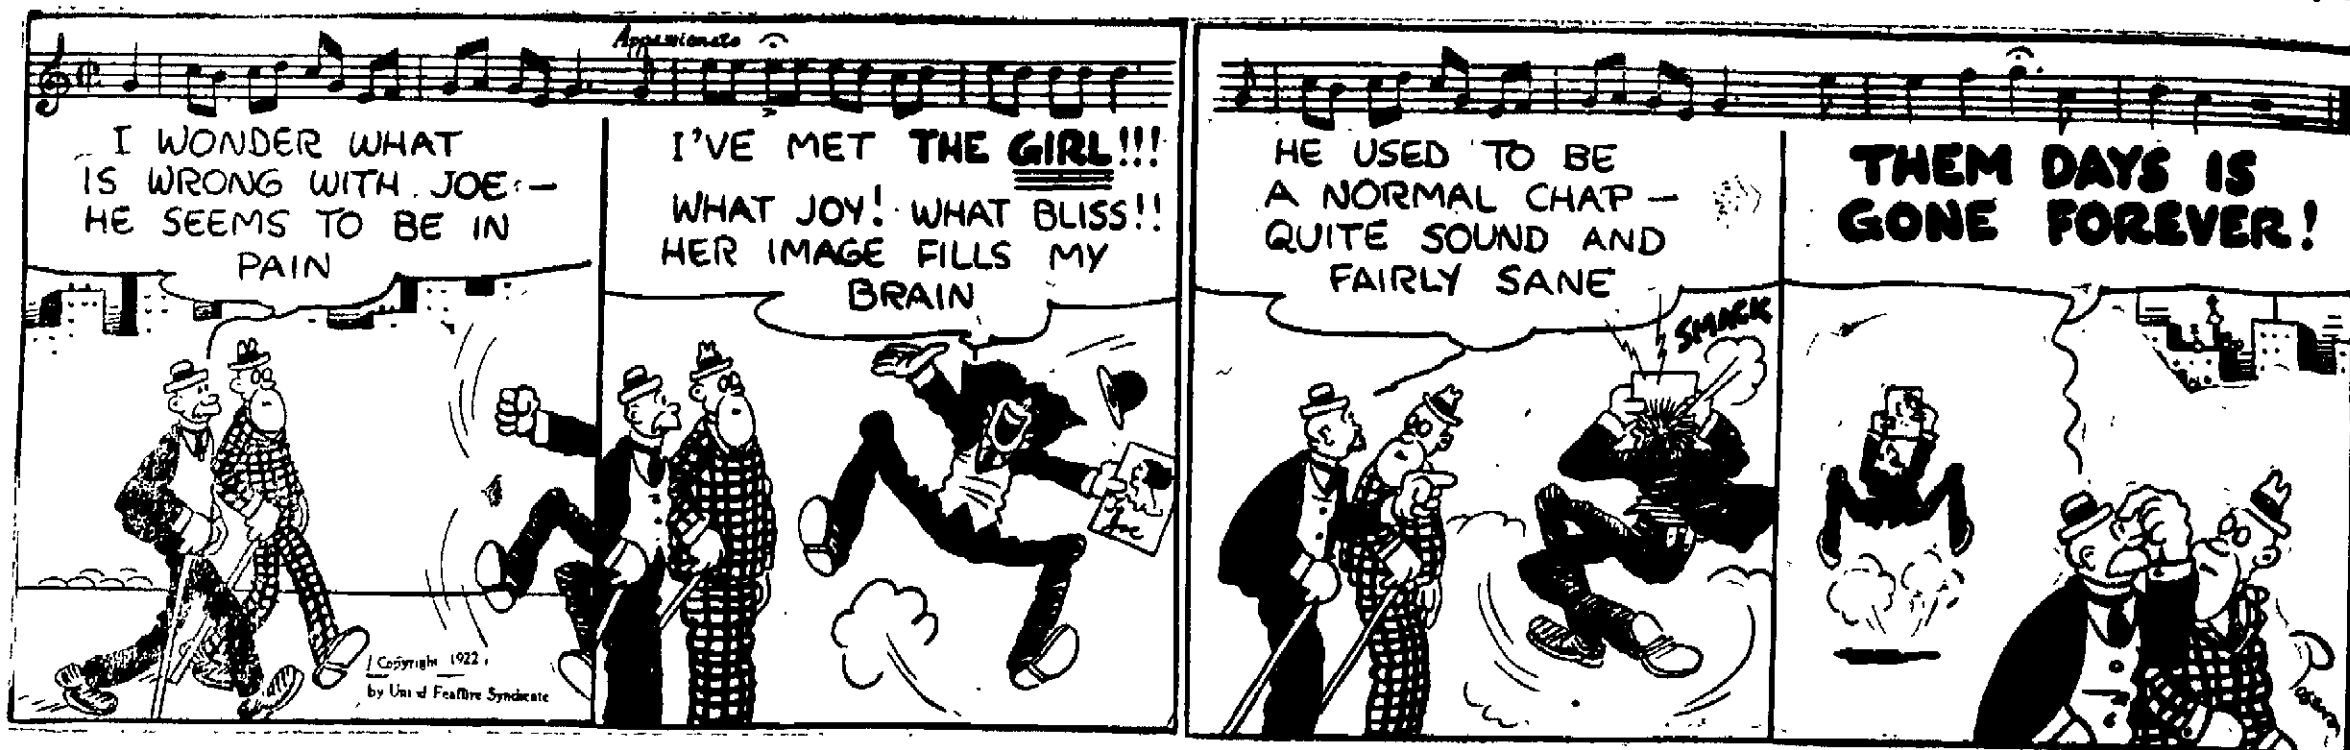

AFTER CAREFUL STUDY THE OBSERVER CAN READILY SEE THE MISUNDERSTANDING OF ATTEMPTING TO ATTRIBUTE THE FLUCTUATION OF GASOLINE TO THE CHANGES IN TEMPERATURE WHEN IT IS SO APPARENT THERE IS ABSOLUTELY NOTHING IN COMMON BETWEEN THEM.

IT IS MERELY AN INCIDENTAL COINCIDENCE THAT THE PRICE OF GASOLINE INCREASES AS THE WEATHER GETS WARMER. THE DIAGRAM IN THE CHART CLEARLY DEMONSTRATES THE ABSENCE OF ANY CORRELATION YOU CAN ASK ANYBODY.

### HELPFUL HINTS

Add a scraped carrot or two to lima beans; it improves the flavor of the beans.

When serving an egg on toast to a sick person, cut the toast into inch pieces and cover with the poached egg. It is much easier disposed of by the patient.

Large dinner napkins, in most families seldom used, were (four of them) set together with insertion of heavy lace and finished around the edge with the insertion and the lace. This makes a most desirable and pretty lunch-cloth.

When curtains with any design become faded, dip them in dye to match the fittings of the room. The design will still show and the curtains will look like new.

Toasted cornflakes used to roll croquettes will give a new, nutty flavor to such foods.

An ordinary strawberry huller is a most useful utensil to remove pinfeathers from fowl.

In ironing save the heat by ironing all the small things on the sheets and pillowcases. The larger pieces will be well ironed by the time the smaller ones are done.

To keep walnut meats fresh, place them, after heating them in the oven, in glass jars and seal. The heating improves the flavor and they keep much longer.

When making apple pie or dumplings roll a little grated cheese into the pastry.

When putting away linens place the freshly ironed ones at the bottom of the pile; in this way they are all used in turn.

A piece of tin or thin piece of wood may be used to protect the walls when washing the woodwork. It is slipped along as the woodwork is washed.

Hard sauce, left from the pudding served at dinner, may be used the next day in making tea cakes or small gem cakes.

## Heinie Maxwell

Founder of Yale College Held Auction.

One of the oldest methods of transacting business is the auction sale which, according to the early writers, was known among the Romans, and is specifically mentioned by Petronius Arbiter in 66 A. D. The first auction sale in England took place about 1700 and was conducted by Eli Yale, the founder of Yale college, who thus disposed of goods he had brought home from the East Indies. Such sales were first taxed in England in 1770.

Labrador Rivaling Venice.

The statement is made on authority that Labrador is slowly and steadily rising from the sea, which is indicated by the fact that all along the shore where it is not too precipitous, raised beaches are to be seen, frequently several of them at different levels.

## TO HOLD VALLEY MEET JUNE 17

That the third annual track and field meet of the Central Hudson Valley Interscholastic Athletic Association will be held in the Recreation Park, Newburgh, on June 17, was the announcement made Monday by Carleton D. Schwartz, director of athletics in the Newburgh Academy and president of the valley association. The meet was to have been held in Kingston or Saugerties, but Saugerties has withdrawn from the league and Kingston has no field available. The meet last season was held in Washington Hollow near Poughkeepsie and the year previous in Newburgh.

## THE OFFICE CAT

By J. J. Jones

Maeterlinck says it will be much easier to die in the future. And everybody would much rather die in the future, too.

### Posers.

There's many an imitation And many a flash and dub And man with a bag of golf sticks May not belong to a club.

New York sociologist suggests putting a piano in every burglar's home.

Burglars will please line up to the right and get their pianos at the police station.

The angry gentleman who threw the cat at his wife was the one who originated the phrase, "Making the fur fly."

Music may keep a man from burgling, but it has also driven many a man to murder.

"When I grow up," soliloquized the little Kingston girl, "I must have a husband like mamma has or be an old maid like Aunt Susan. I certainly am in a bad fix."

One of the saddest and most vexatious trials that come to a girl when she marries, is that she has to discharge her mother and depend upon a servant girl.

Many a wife has been astonished when her boasts about her husband happened to come true.

There is consolation in the thought that we are not likely, when we arrive in Heaven, to be taxed for the purpose of keeping the golden streets in repair.

Peter—"You didn't have a very good time at your birthday party yesterday?"

Paul—"I did so."

Peter—"You did? Then why ain't you sick?"

### Don't Be Too Sure.

A great employer once found it necessary to issue this caution to his subordinates—"Bear in mind, when giving instructions, that every one is a d—n fool but you. And don't be too sure of yourself."

Don't flirt with success—win her.

Willie (to his father who had recently married the second time)—"There's a shop in High street just like you dadde."

Father—"Shop like me?" What do you mean?"

Willie (getting near the door)—"Why it's under new management."

One of the disappointments of this life is to receive a letter addressed in a charming feminine hand and to find that it contains a bill from the plumber.

### That's How:

"You say this canned milk is from contented cows?"

"Surely; that's a part of their contents."

"Ma," said a Kingston youngster, "there's a man in the kitchen hugging and kissing the hired girl."

When his mother started for the kitchen he shouted: "April fool! It's only pa."

### Smarty.

There is a man in our town Much wiser than his sire; He ran into a bramble bush And punctured all four tires.

And when he saw his tires were wrecked, With all his might and main, He ran into a rubber plant And had them fixed again.

**Sympathy and Business.**

This is a tale of four Johns from Chaucer's "Memories." When John King was general manager of the Baltimore & Ohio under John H. Garrett, John Hopkins died. Another John King was executor of the estate. At the funeral he received this telegram, which he read and then handed to the other John King, for whom it was intended: "Present my sympathies to the family and my high appreciation of Mr. John Hopkins, and borrow from the executor all you can at 5 per cent.—Garrett."

## It wouldn't be the same...

"If every woman on the street Should make a loaf of bread, They wouldn't be the same at all," The Master Baker said. "Some loaves would burn and some would fall And some would not be good, Though each one used the self-same flour And did the best she could."

And there's no secret about making Clicquot Club Ginger Ale. We tell what we put in it. Other manufacturers know all the ingredients we use. They can buy most of them.

But they don't make Clicquot Club—any more than a woman with good flour and a recipe can make bread that tastes like her neighbor's bread made with the same flour and recipe.

Ask your grocer to send you a case of Clicquot Club. Keep a few bottles on ice or in a cold place. Serve it any time to anyone. They all like it.

## SECOND GAME EVEN EASIER

Colonials' Defeat Grogans in Listless Afternoon Contest 9 to 2—Good Crowd at Both Games.

"Lefty" Prangley, who came to Kingston with the reputation of having shut out the Bonackers with one hit a few weeks ago, found Tuesday afternoon that he needed more than a reputation to keep the Colonials in check. As a result, the Kingston team for the second time in the day, were returned winners in the afternoon game being played at the Colonials' home. As was the case in the morning, a big crowd saw the game.

Captain Schrick divided the pitching assignment for the Colonials between Bud Culliton and Bill McAllister, the former working the last five innings and McAllister the last four. On Culliton the visitors made four hits and one run. McAllister allowed five hits and two runs. The two runs of Mac came as a result of a home run drive in the sixth inning by Ott, the ball going over the right field fence. Walsh, who had previously singled, was on first at the time.

For the fifth successive game the Colonials start scoring in the first inning. After Fitzgerald went out on a fly to center, Coyle shoved a single to left. O'Mara sent a hot drive to center for two bases, Coyle coming home. Prangley sent Deegan to first on four balls, and Jack Robins drove a sizzling single over short, O'Mara making home. Schwab forced Deegan on his grounder to Long, and Glaser ended the inning by going out via the strike out route.

Hits by Coyle and Deegan, a sacrifice hit by O'Mara, and a succession of errors on the part of the Watervliet infielders gave the Kingston team three more runs in the third. A wild throw by first baseman Ott to catch Coyle going to third was responsible for two of the runs.

The visitors made their only run on Culliton in the fifth. Delaney scored first when Glaser missed his grounder. Long went out Deegan to Coyle and Prangley fanned for the second out. Maney rolled to Coyle, but Bobby let the ball get through him and Delaney scored.

Watty Deegan missed a home-run by a matter of inches in the fifth. With O'Mara on second as a result of his second two-bagger of the game, Deegan drove a terrific hit between right and center. A quick relay, Pladell to Maney to Walsh, caught Watty as he slid for the plate.

Kid Moore's single to center, McAllister's two base drive to left, and a wild pitch on the part of Prangley gave the Colonials another run in the sixth. A hit by Robins, his third of the game, and two errors by Prangley, sent two more Kingston runners over in the eighth.

Rice, who had batted for Glaser in the eighth, and Connors, who had batted for Moore in the eighth frame, went to second and third respectively to start the ninth. Walsh's single, his fourth hit in as many tries, and Ott's home-run over the fence, added the last two markers, for the up-staters. Prangley also singled in this frame with two gone, but was let when Maney was called out on strikes.

He Got the Point.  
A teacher was explaining proper and improper fractions to her pupils. To impress them she said a proper fraction was like a proper person, allowing the smaller number to be on top; while the improper fraction, like an improper person, is rude and puts the heavy or larger number on top. Thinking she had used an apt simile, she asked the class next morning what kind of fractions there were. "I know," piped up a youngster, "polite and impolite."

Market Ratio of Gold and Silver.  
At the present price of silver silver, 68 cents an ounce, an ounce of gold, \$20.67, is worth practically thirty times the value of an ounce of silver. The United States government paid a dollar an ounce for silver produced in the United States under a law passed during the World war, which provided for selling about 300,000,000 American silver dollars, melted into bullion, to the English government, and for the replacement of these silver dollars by purchase of silver from domestic producers at a dollar an ounce, regardless of its world value. On this basis the ratio of gold to silver value is about twenty to one.

Two-ninths Departed.  
The suburban lady's collie is undoubtedly awe-inspiring and toward cats is most aggressive. During the process of serving the Sunday dinner the maid let Lassie escape from the confines of the kitchen into the yard, and soon a tremendous racket was heard. The family rushed to the rescue. A neighbor was just rescuing her cat from the onslaught. "I wish you would keep that dog home," she said later. "This is the second time he has killed this poor cat."

Elephants Rip Up Pipes.  
Wild elephants have caused considerable difficulty on the Island of Sumatra during oil development work, as these animals seem to have taken a special dislike to the pipe lines laid above ground through the jungles, and have repeatedly torn them up, so that gangs of men are kept busy repairing the damage.

Girls! Buttermilk Creates Beauty Overnight  
The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic, but the most wonderful thing about it is the fact that while it turns the dull, most lifeless complexion to radiant beauty and makes red or rough hands or arms snow white, yet there is not the slightest sign of its use. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

It is absolutely harmless and will neither produce nor stimulate the growth of hair. Furthermore, you will find it the most perfect base for powder. Within twenty-four hours this wonderful combination called Howard's Buttermilk Cream will work a marvelous transformation. If you cannot obtain locally send 10 cents (silver or stamps) for generous trial package of both Cream and Soap. Howard Bros. Co., Buffalo, N. Y.—Advertisement.

The annual value of goat products in British Columbia now exceeds that of sheep, and goat raising is now looked upon as an important industry of the province. Long-Lived Scottish Farmers.  
The oldest farmer in West Scotland, Mr. John Gray, has just died, breaking an unusual record of longevity. Five farming brothers, all well over eighty, attended the funeral, which took place at Tarbolton, Ayrshire, under the shadow of the inn in which Robert Burns was made a Freemason. Mr. Gray's death is the first in the family for over fifty years.

The Corporation of Sheffield, England, is too old-fashioned and conservative. In choosing the wedding gift of Sheffield cutlery for the Princess Mary, the corporation chose the time-honored carbon steel upon which the fame of Sheffield was based. The great demand for stainless steel has prevented the industrial slump from seriously crippling the cutlery industry of Sheffield.

Incense's Depredations Enormous.  
The rhinoceros beetle is rendering the plantations along the coast of German New Guinea valueless, and unless the Australian government, which holds the mandate, does something to halt the pest the plantations will be nothing more than monuments to the depredations of the rhino. ### RACE OF HIGH CIVILIZATION

Historic People of Mexico Evidently Highly Cultured and Advanced in the Arts.

Remarkable discoveries of the ruins of an ancient and heretofore unknown civilization have recently been made at Chalchihuites, state of Zacatecas, Mexico, according to information that has been received by the Mexican government authorities. While exploring the ruins that have long been known to exist at Chalchihuites the discovery of a magnificent room, or saloon, 1,000 feet square was made by J. V. Killor, archeologist of Andover, Mass., and Clarence Hay of the Museum of Natural History of the United States. In the saloon are 28 beautifully carved columns of stone. Many prehistoric relics were found while excavating the ruins, it is stated.

The statement is made on the authority of archeologists who have visited the ancient city at Chalchihuites and inspected the ruins brought to light by the recent excavations that they were the work of a civilization which had no connection with the prehistoric race that built the buildings and temples that are now in ruins in southern Mexico, nor are the ruins at Chalchihuites similar in any respect to those of San Juan Teotihuacan, where the pyramids of the moon and sun are found. Neither do they bear any resemblance to the ruins at Casas Grandes in the northern part of the country. It is said to be evident that the people who built the wonderful city where the little pueblo of Chalchihuites now stands were highly cultured and especially advanced in the arts.

#### BUILDERS GUIDED BY MODEL

Ingenious Method Employed in the Construction of Hydro-electric Plant in Switzerland.

In planning the mixing and chuting plant for the construction of the barrage de barberine, a hydro-electric development in Switzerland, it was found that many of the engineering difficulties would be solved through building an exact model of the site and then erecting the plant to scale. A contour map had fortunately been furnished the American firm, and with this as a guide the contour of the ground was reproduced in clay. Then the towers, guy lines, cables and chutes were all built to scale and placed in the exact positions that they were destined to occupy.

When this model was finished it helped wonderfully in solving the problems that had puzzled the draftsmen. The clearance required by a cableway, the location of the guy lines, the use of single or double guy lines, the bracing of the towers—these and many other points were made clear through the use of the accurate model. There was also the satisfaction of knowing that when the plant was finally installed the layout would be correct and the plant would function properly.—George F. Paul, in Scientific American.

Formality.  
John Smith, the furnace man, was extremely proud of his garden. The lady of the house had long listened to beautiful descriptions of it from John, always followed by cordial invitations to come and see for herself. Although not especially fond of searching for beetles in their native habitat, John seemed to feel hurt when she never came to see his pride and joy. So the lady of the house ventured forth one day and went to see John's prize vegetables.

When the tour was over the lady of the house went into the parlor to be entertained by John's wife and sample her cake. John had offered some grapes fresh from the garden, and when he came in with his basket overflowing with purple grapes, the lady of the house said: "Oh, what wonderful grapes! Thank you so much, John!" "John?" repeated Mrs. Smith, indignantly drawing herself up to full height. "I always call my husband Mr. Smith!"—Chicago Journal.

### NEW YORK IS LARGEST CITY

American Metropolis, in Population, Has Gone Far Ahead of the Capital of England.

New York has surpassed London in population, according to the New York city census committee, if the same radius of territory is included within the New York city limits as is calculated in the London figures. In a statement issued by Dr. Walter Laidlaw, executive secretary, figures show that within a radius of 10 miles of the city hall there was on January 1, 1920, a population of 844,608 more persons than in the metropolitan police district of "Greater London," says the New York Herald.

Greater London, it is explained, includes not only London county, but an "outer ring" in which the metropolitan police have specified powers and duties.

"The Greater London suburban area, irregular in outline, extends as far in some directions as 10 miles from Charing Cross," says Doctor Laidlaw. "It seems proper, therefore, to include in comparing Greater London and New York suburban territory within 10 miles of the city hall."

This radius reaches Tottenham, Staten Island, part of Westchester and Nassau counties and the part of New Jersey that includes Newark, Jersey City and other large population centers immediately adjacent to New York.

The population of Greater London on June 10, 1921, was 7,370,168, while that of "Largest New York," including the outlying districts, on January 1, 1920, was 7,820,676. London increased in the 30 years between 1901 and 1921, 1,844,302 persons, while Largest New York increased, between 1900 and 1910, 1,870,546 persons.

#### NEED NOT DREAD POISON IVY

Science Announces the Discovery That Gasoline Will Prevent Evil Effects So Much Dreaded.

The fear of poison ivy, which has kept many a city dweller away from the woods and meadows a whole season through, is now an unnecessary fear. The specter in the shadows of the forest is gone. Science has provided the means for warding off the illness which otherwise would follow infection. The remedy is just an application of ordinary gasoline. Benzene may be used instead.

Science has discovered that the irritation of the skin in ivy poisoning, is no different from any other chemical burn, and that gasoline or benzene will dissolve and remove the poisonous oil of the ivy if applied in time. As many as eight hours may elapse between the touching of the ivy and the application of the remedy. Even persons on lakes in lonely districts may benefit by the discovery, since any passing motorist can supply enough gasoline to do the work.—St. Louis Post-Dispatch.

## WRECK INQUEST AT HOBART TODAY

Coroner Sullivan Commences Investigation of Fatal Crash in Which Six Lost Lives—Three Investigations to be Made to Ascertain Cause.

Coroner Grover Sullivan of Delhi today commenced an investigation to determine the cause of the tragedy on the Elster & Delaware railroad, near Grand Gorge, last Friday in which six men were killed. The inquest is being held at Hobart and all of the surviving members of the crews of both trains have been called to testify at the hearing.

The coroner's hearing will make the third investigation of the smashup. The Elster & Delaware authorities have made an investigation, having all of the members of the crews who were able to be present "on the carpet" last Saturday. The result of the investigation was not made public.

The government through the Interstate Commerce Commission will also make a thorough investigation of the wreck. All three investigations will be carried on independently.

The collision occurred on a curve about two miles this side of Grand Gorge. The work train was slowly backing toward the Grand Gorge station while the coal train was on the way to Kingston. At the point where the two trains came together it was impossible for the crew on either train to see the other until the trains were so close together that it was impossible to stop them.

Engineer Charles Neel of the coal train saw the work train as he was rounding the curve and immediately threw on the emergency brakes but it was too late to avoid the crash.

The coal train was hurled over against the side of the embankment while the work train was hurled to the track to the other side. Neel and Fireman Frank H. Morse were able to crawl out from under the wreck of the engine and escaped serious injury.

Neel was able to attend the railroad investigation the day following the collision, but Morse was not able to leave the hospital until Monday.

It is said that the six men who were killed and who were all members of the track department of the railroad, were riding in the caboose at the time the six coal engine plumed into it.

None of the five men injured in the wreck was seriously hurt. Michael McGrath of West Chester, street, the engineer in charge of the hoisting engine on the work train, was slightly cut about the face and was taken to the Fox Memorial Hospital in Oneonta, but left for his home in this city shortly after reaching the hospital.

Jacob Steinhilber of Grand Gorge, one of the section hands, was also taken to the Oneonta Hospital and complained of pains in his back. He was able to leave the hospital Saturday after spending the night there and returned to his home the same day. Fred Hall of Grand Gorge, a section foreman, was the fifth man who was slightly injured.

## KINGSTON POINT TOOK ON HOLIDAY APPEARANCE

A large concourse of people gathered at Kingston Point Park on Memorial Day and enjoyed the refreshing river breeze. The dance at the Casino was very largely attended during the afternoon and evening and the trolley cars also did a big business. A number also were seen swimming and one especially attracted considerable attention. Alfred Mores swam across the river from the Day Line pier to the New York Central Station at Rhinebeck and returned. George Parher and Alfred Margolis followed the swimmer in a row boat.

## DIED.

Our mother's gentle voice is hushed. Her warm true heart is still. And on her pale and peaceful face is resting death's still calm.

She bade no one a last farewell. She said good bye to none. The heavenly gates were opened. And the Saviour bade her come.

Our sorrows are great. Our loss hard to bear. But angels will tend you. Fear no other with care.

## MEMORIAL SERVICE AT RHINEBECK

On Sunday evening memorial union services were held at the Church of the Good Shepherd, Rhinebeck, which were attended by members of the G. A. R., Spanish War Veterans and the American Legion. The altar was beautifully decorated with flowers and the church throughout draped with American flags. The service opened with the singing of the "Star Spangled Banner." This was followed by an address of welcome to the veterans by the Rev. J. J. Smith, pastor of the church. The invocation was then made by the Rev. Frank D. Blanchard, of the Lutheran Church. The Very Rev. Dean John J. Hickey, rector of St. Mary's Church, this city, conducted the vesper service, at the conclusion of which the Rev. J. F. White, chaplain of Murray Hill Post, No. 54, American Legion, New York city, delivered an eloquent address touching on the World War and the valor displayed by the boys "Over There."

The Rev. Henry W. Sherwood, pastor of the Rhinebeck Baptist Church, offered a prayer for the dead, which was followed by solemn benediction of the blessed Sacrament by Dean Hickey, assisted by Father Smith and Father White.

"Taps," sounded by Raymond Briggs, bugler of Montgomery Post, No. 128, and the singing of "My Country 'Tis of Thee" concluded the beautiful service.

The music for the service was rendered by St. Mary's choir of this city under the leadership of Prof. W. H. Rieger, the organist.

During the service Joseph Murphy and Thomas Dolan rendered solos. A party from this city attended chaperoned by Dean Hickey consisted of the following: Fire Commissioner and Mrs. Charles F. Lahl, Deputy Fire Chief and Mrs. Joseph Murphy, Mr. and Mrs. Thomas Hyland, Mrs. Peter J. Gilson, Miss Loretta Netter, Miss Gertrude Netter, Miss Frances Connelly, Miss Marie Clark, Miss Gertrude Hanley, Herman Gunther, James O'Reilly and Thomas Dolan.

## Society Notes

**Ellsworth-Hogan.**  
Solomon D. Ellsworth of 33 Snyder avenue and Miss Mary R. Hogan were united in marriage at St. Mary's Church on Monday morning. They were attended by Thomas Daley and Miss Catherine Hogan, a sister of the bride.

**McAdam-Bauer.**  
Mr. and Mrs. Bauer of South Partition street, Saugerties, announce the marriage of their daughter, Catherine R. to Robert McAdam of the Bronx, New York city. The ceremony was performed in St. Bernard's Church, New York city, Sunday, May 28th.

**Smith-Van Derzee.**  
Mr. and Mrs. Thomas Van Derzee of South Pine street announce the marriage of their eldest daughter, Helen Viola Van Derzee, to Joseph McDonald Smith of Highland Falls, N. Y., Thursday, May 25. The Rev. Mr. Brown, pastor of Mother Zion Church of New York city, performed the ceremony. The bride was attended by Mrs. Martha Riegle as matron of honor and the groom by Arthur Holliday as best man.

## "Going Away" Party.

A very pleasant "going away" party took place at the home of Miss Mildred Whitaker, 150 Tremper avenue, last Friday night in honor of Miss Erna Rebel, who leaves the city for Schenectady. Games and delicious music were enjoyed and refreshments served to about 11 young friends of Miss Rebel, who gathered to wish her Godspeed. Those present were Erna Rebel, Helen Gronemeyer, Julia Halliday, Margaret Halliday, Edith Gavitt, Leona Christiana, David Harris, Henry Wesley, Irving Davis, Edward Richards, Henry Heustis, Burdette Clarke and Harold Proper.

**Mosher-Moore.**  
On Monday afternoon at 3 o'clock, a quiet wedding was solemnized at the parsonage of the Albany Avenue Baptist Church, when Miss Jessie Ella Moore, daughter of Mr. Ella Moore of Converse street and Samuel Mosher, son of Mr. and Mrs. Mosher of Merritt avenue, were united in marriage by the Rev. Arthur Cole, pastor of the church. The bride wore a charming gown of white tulle and carried a bridal bouquet. The attendants were Miss Olive DuBois who wore blue tulle, and Raymond Neice. Both of the young people have many friends who wish them all happiness in their married life.

**His 60th Birthday.**  
The home of Ernest Stending, 230 Lucas avenue, was the scene of an enjoyable event Tuesday, the occasion being the celebration of his sixty-sixth birthday anniversary. The children and grandchildren of Mr. and Mrs. Stending were present and a grand time was had. Mr. Stending was the recipient of a number of presents, birthday remembrances of the American Railway Express Co. stables, although three score and six, as he is as chipper as the average man of fifty, and an old time horseman regrets that "them days are gone forever" when he drove the old companion "Hi Henry" and other high steppers over the snow course from Manor avenue down Albany avenue to the railroad bridge.

## Rosendale Team Beaten.

The Rosendale Baseball tilters were defeated at Broun's Station, Sunday, May 28, by the players of that vicinity by score of 12 to 8. Batteries for visitors, Christianna and McGinn; for home team, North and Davis. The Brown's Station team hopes to play the C. I. team of Kingston at Brown's Station, Sunday, June 4th.

## FINANCIAL AND COMMERCIAL

**By Telegraph to The Freeman.**  
New York, May 31.—The stock market again showed a strong tone at the start today. Reading common was in supply, following the adverse supreme court decision late Monday, opening 4 points lower at 77 1/2. Union Pacific was strong, moving up 1 1/2 to 142 1/2, while Southern Pacific, selling ex-dividend, showed a loss of 1/2 at 90 1/2. General Asphalt moved up 1/2 to 65 1/2 and National Enamel and Stamp was 1 1/2 higher at 53 1/2. U. S. Steel rose 3/4 to 101 1/4. Tobacco Products started 1 1/2 higher at 82 while United Retail Stores was 1/2 lower at 79 1/2.

There were confusing movements in the market today due to the manner in which developments since Monday on Monday were construed.

About the only feature in the market during the afternoon was the development of strength in some of the independent steel issues.

The market closed irregular; government bonds unchanged; railway and other bonds irregular.

They were Roman Catholics. The place of their burial does not appear on record, but Columbus' mother died in 1494 and his father in 1498.

Ants That Eat Flowers. A new type of ant, large, vicious and prolific, is playing havoc with the flower industry of the Italian Riviera, says the Scientific American. Horticulturists are required to report the appearance of this pest immediately and to take prescribed steps for its destruction. The ants are supposed to have been introduced from the Argentine.

Thackeray. He faces posterity as a great figure of rich genius and honest purpose, purpose occasionally obscured by the force of imagination and the irresistible promptings of humor; weighing mankind in a gloomy balance, but without hope; and bequeathing to the rich and various treasures of literature, which may well survive, if anything survives.—Lord Rosebery.
